Numb. 202.

THE Pennſylvania GAZETTE.

Containing the freſheſt Advices Foreign and Domeſtick.

From October 5. to October 9. 1732.

Hague, July 1. N. S.

THE Duke of Lorrain having notified to the French King by a Letter, his Advancement to the Dignity of Viceroy of Hungary, it was reported that his moſt Chriſtian Majeſty had not deigned to anſwer it; but that Report was groundleſs, the following Copy of that Monarch's Anſwer, written in a dubious Stile, being come to our Hands, *viz.*

Couſin,

'I Thank you for the Trouble you gave your ſelf in acquainting me with your Nomination to the Viceroyalty of the Kingdom of Hungary. My Sentiments of Affection for the Houſe of Lorrain cannot but be well known to you, and alſo the Part I do, and ſhall always take in its Advantage and its Glory: Neither can you doubt of my continuing to hear of Events of this nature with a great deal of Pleaſure. Whatever Oppoſition the Times may have raiſed between my Intereſts and thoſe of the Imperial Houſe, I hope the Place you are in will not give me any Occaſion to change my Sentiments with regard to your Family. Whereupon I pray God to keep you in his holy and worthy Protection.'

Vienna, June 24. A Report goes that the late King Victor is retired into France, with the Conſent of his Sardinian Majeſty, who has ſign'd the Vienna Treaty. The Duke of Lorrain continues frequent Conferences with the States of Hungary, and grows more and more in their Eſteem and Love, no leſs conſpicuous for the Solidity of his Judgment than his engaging Sweetneſs of Behaviour.

Hague, June 24. They write from the North that the Duke of Mecklemburgh renders himſelf more and more odious to his Subjects by his Cruelty and his Outrages. He has lately (they ſay) knocked one of his Domeſticks on the Head, and ſent his dead Body to his Brother, a Country Paſtor, with this Meſſage, to wit, that his Brother was dead of an Apoplexy; the German Word for a *Blow* ſignifying *an Apoplexy* alſo.

Whitehall, June 29. Letters from Rear Admiral Stewart, Commander in chief of his Majeſty's Squadron in the Weſt Indies, dated at Port Antonio in Jamaica, the 28th of April laſt, bring an Account, that in purſuance of the Orders he had received to make Repriſals for the Depredations committed by the Guarda Coſtas, he had called upon the Merchants to make Proof of their Loſſes, ſince the firſt Arrival of thoſe Orders in December 1730. in the Court of Vice Admiralty there, and to obtain declaratory Sentences thereof, to enable him to make a regular Demand of Satisfaction; that he had received Claims only of three Ships, two of them taken, and the other plunder'd, concerning which ſuch Demands could be made; and he had ſent one of his Majeſty's Ships to demand Reſtitution of one of the Ships taken, and of the Goods plunder'd on board the third, of the Governor of Campeachy; and another of his Majeſty's Ships to the Havana, to demand Reſtitution of the other Ship that had been taken and carried in there; and that if theſe Demands were not comply'd with, he ſhould then proceed to the further Execution of his Orders: That his Majeſty's Ships had been cruiſing againſt the Privateers commonly called Guarda Coſtas, one of which had been taken and brought into Jamaica, and another forced aſhore in a Storm, and it was believed moſt of her Men were drowned; and that as theſe Privateers take indifferently the Ships of all Nations, this Protection of the Commerce and Navigation had given univerſal Satisfaction to all the Neighbouring Colonies.

Theſe Letters add, that Rear Admiral Stewart had received Advice from St. Jago de Cuba, that a Guarda Coſta belonging to one Henriquez, a noted Pyrate, having put into that Port to refit, the South Sea Factors there, who had received conſiderable Damage from him, apply'd to the Governor, who ſtopt the Ship, and upon Tryal before the proper Court, ſhe was condemned and ſold, and the Money paid to the Factors towards making good their Loſs; and that the Rear Admiral had alſo an Account from Porto Rico, that upon the Arrival of the preſent Governor of that Iſland, the ſaid Henriquez, who is an Inhabitant there, offered him a very conſiderable Preſent to purchaſe his Favour, as he had in the ſame Way done that of his Predeceſſors, but the Governor refuſed it; and upon the complaints that had been made to the King of Spain againſt Henriquez, he had peen obliged to pay a very large Fine. The laſt Governor of that Place was ſent home in cuſtody to Spain, to anſwer for his Miſconduct; and his Predeceſſor was for his Male-Adminiſtration confined in the Caſtle of Cuba, where it was believed he would continue a Priſoner for Life.

Hague, July 12. N. S. They write from Spain, that his Catholick Majeſty's Commiſſaries continue their Conferences with thoſe of the King of Great Britain, for compenſating the Damages unjuſtly ſuſtained by the Engliſh Merchants in the Weſt Indies, and elſewhere: But the Spaniards make ſo many Pretenſions, and ſtart ſo many Incidents, that there is no great Likelihood at preſent of any conſiderable Advantage to be reaped by the Engliſh Merchants from thoſe Conferences. Some will have it that the Spaniards demand Satisfaction for the Deſtruction of their Fleet ſome Years ago off Syracuſa; and alſo for the Engliſh Squadrons blocking up their Galleons at Portobello; but theſe two Articles ſeem to us incredible. We hear of a third however, which carries the Face of probability in it; and that is that the Spaniſh Commiſſaries pretend, that moſt of the Engliſh Ships taken by their Guarda Coſtas in the Weſt-Indies, had contraband Goods found on board them, and were therefore lawful Prizes: But theſe Accounts are not to be depended upon, and muſt be cleared up in due courſe of Time.

Ratisbon, July 17. The Archbiſhop of Saltzburgh is ſtill averſe to any Accommodation with the Proteſtant Body, which perhaps in the End may turn to no good Account to himſelf. We learn that another great Body of Emigrants are on the Way to Augsburg, and complain heavily of the bad Uſage they have met with in their Paſſage through Bavaria, by Hunger Thirſt and having no Covering but the Heavens by Night, the Roman Catholicks not extending the leaſt Compaſſion towards them.

London, July 11. It is aſſured from good Hands, that ſeveral

veral Sums of Money have already been collected in the Cities of London and Weſtminſter, towards the Relief of the poor Proteſtant Saltzburghers, who choſe rather to leave their native Country, than to violate their Conſciences, and that this Money has been remitted to Augsburgh in Germany for the Uſe and Benefit of thoſe faithful Exiles: and 'tis hop'd that the affecting Account of their grievous Sufferings, with their meek, patient, and truly chriſtian Behaviour under them, will move others amongſt us, to commiſerate the Condition of thoſe diſtreſſed People, to afford them ſome ſeaſonable Relief, their Numbers being now very great.

London, July 25. We hear that the Bills relating to the Feaſt given by the four new Knights of the Bath at their Inſtallment on the 30th of June laſt, in the Court of Requeſts and Painted Chamber at Weſtminſter, having been deliver'd, the whole Charge of the Dinner amounts to *One Thouſand two hundred and fifty Pounds.*

In a Fortnights Time an Experiment is to be made of Mr. Hamilton's Machine, for cauſing a Ship to ſail againſt Wind and Tide, in any part of the World; it is to be done on the River Medway. The Expence of the Engine is but 12 l. and we hear that the Projector has preſented one of them to the Earl of Iſlay.

Yeſterday Morning about Five a Clock, Mr. Lawrence, Cook to the Right Hon. the Earl of Litchfield, coming to Town from his Lordſhip's Seat near Oxford, was ſet upon by two Highwaymen well dreſſed and mounted, on Stoken Church Hill, near Wickham; upon which Mr. Lawrence, drew his Hanger and engaged with the Rogues, who fired two Piſtols at him, but miſſed him: He gave one of them ſuch a Cut acroſs his Scull and Face, as broke the Edge of the Hanger, upon which they both made off. When Mr. Lawrence came to Wickham, he was ſeized there for a Highwayman, having his Cloaths ſadly torn, and being all bloody, upon which, he told the Juſtice the Caſe, and who he was, and made Affidavit thereof; upon which ſeveral Perſons ſet out to take the Highwaymen, Mr. Lawrence aſſuring them they could not ride far; for he thought he ſaw one of them drop; but being very tired and weak, he did not care to follow them. Mr. Lawrence was diſcharged, and having refreſhed himſelf, he ſet out on his Journey; but before he left the Town, he heard that one of the Rogues who was cut, was taken up for dead, and carried to a neighbouring Place to have his Wounds dreſſed.

July 27. Yeſterday four Soldiers of the 1ſt Regiment of Foot Guards were tied to the Halberds on the Parade in St. James's Park, and received 200 Laſhes each, for Neglect of Duty, and other Miſdemeanours.

Yeſterday was married a Gentlewoman upwards of 60 Years of Age, and a plentiful Fortune, to a Perſon of 25, at the Chappel in Coventry Court in the Haymarket.

London, July 22. On Thurſday laſt the Truſtees for eſtabliſhing the Colony of Georgia in America, held their firſt regular Meeting. Their Charter was read, as alſo a Certificate from the Lord chief Baron of his Majeſty's Exchequer, by which it appear'd that the Right Hon. the Lord Viſcount Percival had qualified himſelf as Preſident, and taken the Oath for the faithful Adminiſtration of his Truſt before his Lordſhip. Then the Preſident adminiſtred the Oath for the faithful Adminiſtration of their Truſt, to the ſeveral Truſtees preſent.

The Truſtees order'd a common Seal to be made, with the following Device; on one Face, two Figures of Rivers, reſting upon Urns, repreſenting the *Altamaha* and *Savana* the Boundaries of Georgia, and between them the Genius of the Colony, ſeated with the Cap of Liberty on her Head, a Spear in one Hand, and a Cornucopia in the other, with this Motto, *Colonia Georgia Aug.* The Reverſe is to be Silk Worms, ſome beginning, ſome having finiſhed their Web; with this Motto, *Non ſibi ſed alius.*

Several of the Truſtees produced Letters from divers Noblemen and Gentlemen, expreſſing their deſire to aſſiſt in carrying on of this Work. It was ordered that the Thanks of the Truſtees ſhould be returned to them, and that Commiſſions ſhould be iſſued to each of them, for collecting Benefactions, purſuant to the Powers granted by the Charter, ſo ſoon as the Seal ſhall be ready to fix thereunto.

Mr. *Pury*, Leader, Mr. *Bingio*, Miniſter, and the Elders of the Swiſs Proteſtants, who are going to eſtabliſh a Town on the River *Savanah*, attended the Truſtees in Behalf of their Congregation, return'd them Thanks for their Protection, and deſir'd a continuance of it. The Truſtees ordered a Library of Books to be given to the Miniſter, for the Uſe of him and his Succeſſors; and a handſome Sum of Money was rais'd by the Contributions of ſome of the Truſtees then preſent, in order to be put into the Hands of the Leaders and Elders of the Congregation, for providing Refreſhments for the Sick in their Paſſage, and on their firſt Eſtabliſhment.

A Committee was appointed to abſtract the Charter, and digeſt the Abſtract under proper Heads, of the Power granted, the Injunctions, and Reſtrictions, that the Truſtees might the better know, and be better able to comply punctually with the Charter. And then they adjourn'd to Thurſday following.

Boſton, September 25. On the 20th Inſtant died at Cambridge of a Paralitick Lethargy, the Hon. *Hugh Hall*, Eſq; one of his Majeſty's Council for the Iſland of Barbadoes; and is to be interr'd here this Day.
